## Secondary

### Napier Road Centre

At the British Council, we understand that Secondary learners are preparing for their future academic studies and beyond as global citizens. Our Winter Study Camps will help them develop the skills they need while exploring real world topics in depth. They will widen their understanding of our interconnected world and combine academic skills with 21<sup>st</sup> century competencies. Our holistic programme will develop the skills of confidence, communication, problem solving that will carry them forward to achieve their future goals in school and in life.

Each theme explores a range of topics focussing on written or spoken communication, including tasks that prepare learners to persuade, negotiate, express themselves and be creative in an engaging supportive environment.

Camps are Monday to Friday, 1.30 p.m. to 5.30 p.m.
